

Out of Area Emergency Contact Cards

INSTRUCTIONS: You will be entering vital information on these cards that will need to be updated as circumstances change. Print, cut, fold on solid line and distribute to each family member or loved one.

Every household should have an emergency plan in place and practice it regularly; identifying an out-of-area contact and arranging meeting places are only two steps toward emergency preparedness. The objective of every household's emergency plan is to be prepared to be self-sufficient for a minimum of 72 hours. Discuss the information on these cards and your emergency plans with each family member or loved one.
